RE: Application for Visitor Extension

Dear Officer,

I, Mavi Galante Mancera Molinari Blotta passport number FU002268, living at 32 Bristol Avenue, L6X 2B3. Brampton, ON - Canada, would like to apply for extension as a visitor for the following reasons:

My husband, Jose Raphael Molinari Blotta, passport number FT244645, UCI 61369752, is under the Post-Graduation Program Work permit Valid until to December 16th, 2022.

Jose Raphael Molinari Blotta has recently graduated from the Computer Systems Technician – Software Engineering at Sheridan College where he studied from January 2018 to August 2019.

Please note that Sheridan College is a public-funded institution, therefore eligible for the Post-Graduation Work Permit program.

José Raphael is working as Warehouse Associate at Amazon Fulfillment Center, which is not a skilled worker position reason why I am applying to extend my status as a visitor.

Having my visitor extension approved will enable my husband and I to remain together. I would like to add the following factors regarding my background and experience, which I believe are relevant:

I hold a Master's degree in Education, and I have dedicated over 8 years working as Academic researcher for one of the most prestigious Public Institution in Brazil.

My family has the financial means to support my expenses during my stay in Canada which overcome the minimum amount required by Canadian authorities. Attached to this letter follow the documents that prove my economic conditions as well as all the necessary information to contact me.

Please bear in mind that I am a law-abiding citizen and I do not intend to work or stay in Canada without authorization. I never had the intention to remain illegally in any country and I always complied with the immigration rules in each country that I have been to.

Best regards,

Mavi Galante Mancera Molinari Blotta
